

# THE MINI-MAX SERIES

3" Submersible Well Pumps  
1 HP, 3-Wire  
8 and 12 GPM

**M**YERS MINI-MAX IS THE NEXT GENERATION IN A LONG AND SUCCESSFUL HISTORY OF PROVIDING THE WATER WELL INDUSTRY WITH THE ABSOLUTE BEST PRODUCTS AVAILABLE.

Myers new 3" diameter well pump is just what the well driller needs when encountering a tight or encrusted 4" well or a small 3" diameter well. The Mini-Max pump has an all stainless steel exterior construction to provide maximum corrosion resistance as well as durability. For more information contact your local dealer or the Myers headquarters at 419-289-1144.

## ADVANTAGES BY DESIGN

- Premier 3" submersible corrosion resistant pump
- Superior abrasive handling staging design
- 3" diameter fits easily in tight or encrusted 4" wells where a standard 4" submersible will not fit
- Control box packaged and shipped with each pump
- Control box Nema 4 rated and sized to fit inside well casing if replacing a 2-wire system
- Long-life stacked stage impeller design on all models
- Thermal overload protected motor
- Field serviceable threaded pump assembly
- Lead-free, all stainless steel exterior
- Rugged constructed discharge bowl
  - heavy duty cast stainless steel
- Lifting eye
  - easy safety line connection
- Excellent corrosion resistance
